

MY GOAL IN LIFE VERSUS WHAT ALLAH WANTS

**Subhan Allah!
Praise Be To Allah Who Is The Rabb Of All That Exists!
Praise Be To Allah Who Is Extremely Mercifull
"Mercifull Towards Mankind In Particular"
Allah Knew The Importance Of Goal In A Human's Life
So He Made It Clear In His Glorious Book Al Quran-Al-Hakeem
The Goal And Purpose Of The Creation Of Mankind And Jinn
"To Worship Their Supreme Lord i.e. Allah [swt]"**

Allah did not mention this goal to remind Himself of it, but he wanted us to take heed from it.

And Allah knew that nothing should come in between this goal and the lives of human beings.

And guess what Allah did to ensure this!!!

**Subhan Allah!
Praise Be To Allah Who Is The Malik of Arsh!
Our Supreme Sustainer Knew The Greatest Obstacle
Which Will Come Across This Path
"The Worry of Livelihood"
So Allah The Razzaq Made It Compulsory Upon Himself
"To provide us with provision And Sustenance"
Allahu Akbar!!!!**

**Oh Nafs!
Still You Do Not Have Any Goal!!
What A Loss Indeed!!!**

We human beings after coming on this earth, messed up our goals. We said by our actions, "O Allah we do not want your given goal, but we will create our own goals, and we will run after it".

**Our Goals Became Illusions!
And Our Lives Disasters!!!**

**The Driving Features Of Our Goal Are
Desire, Hasad, Envy, Ungratefulness and Greed**

**The Essence Of Allah's Goal Was Peace And Only Peace
"Because Only The Creator Knows The Benefits Of The Created"**

**And The Result Is No satisfaction!!
Men And Women
Who Are In The Prime Time...
Of Their Youth, Beauty And Money
Who Are objects Of Envy For Human Beings Across Races
Are Committing Suicides!!
A Gruesome Reality!**

Why?

**What These Fake Goals Did To Them?
They ruined their lives because you earned comforts for your
superficial bodies but your soul burned from inside always
searching for that Creator's Goal which it did not receive ever!!
Ya Allah!**

**I asked this question to some of my muslim friends who are earning
dinars and dirhams and after few questions they had to admit
that their lives are missing goal and they are not happy!!!
"May Allah [swt] Give Us Useful Goals"**

--*--**

**Today as an individual, male or female, old or young, group or a
nation, we forgot our goal, our duty, the noble cause, the Creator
chose for us.**

**When we lost the goal the Creator chose for us,
1. We gained the anger of Allah.**

- 2. We lost the victory and support from Allah.**
- 3. We lost the pure vision, the wisdom and the guidance of Allah.**

Ultimately we lost our identity, the core and the purpose of our existence. We also lost our role in life to our selves, family, society, and to mankind.

Why? Because of

- 1. The absence of the understanding of the Message.**
- 2. The heart and soul is filled with the love of dunya, material life and this inturn generates a hungry nafs.**

A Hungry Soul!!!

**Searching To Accumulate To Champion Material Life
Full Of Envy, Jealousy, Hate, Stinginess And Greed
And Filled With Diseases Of The Heart!**

**This Results In The Ugly Character
Weak, Unhappy And Unsatisfied
A Soul And Body Ready To Cause and Spread Mischief
Instead Of Curing Mankind**

It Causes The Diseases To Spread In Mankind!

You add to that the feeling of rest and happiness and relaxation about the status quo of our life. Or on the other hand, unhappiness, agony and misery of what you are not able to gain from the material life. And we can see the result all over.

We Cannot Achieve Peace Within. Peace With Others Or Peace For Others. "I am so busy with myself, for myself." Or "My family."

You add to that another important point. Today We call ourselves Muslim, We try to be religious, We go to Allah and We try to be a good Muslim, but you will be amazed to find that We go to Allah to help me in my degree, or to look for a job, or to find a house, or a wife or a husband or to get a child or to move overseas and get more money!

This is same when I goto umra/hajj or I worship Allah, I am still stuck and begging Allah to fix me and my material status. And in the end, Jannah too.

By this way, I'm not going to Allah to please Allah or be a true servant or to elevate the deen of Allah or to work for Allah. No. Im trying to reach Allah for my own selfish material life.

Question

How many of us ask Allah to give us the character, the quality, the ability, the opening, the victory, to support us to be a good Muslim and elevate the deen of Allah SWT?

How many of us look at each others good quality and try to compete the goodness, spreading goodness, supporting goodness and try to live the Message Allah SWT chose for us?

Another Question

How many times do we think of Jannah?

The Different Levels In Jannah And The Pleasure of Allah?

Which Elevates His Deen And His Name!

And Spread Guidance On Earth!

If The Answer Is Yes...

Ask Yourself Where Is My Thinking?

My Feelings, My Decisions? My Time, My Money?

It Should Be For Sabeelillah. In The Way Of Allah swt

Today, I'm shocked when i meet people who claim they are Muslim, when I see the status of the nafs is high. The blindness is overwhelming, the angry status becomes the norm. The people become moody. They get angry at small things - ready to fight and argue over every small thing. Why? Because the majority of people are feeding their soul and nafs with the food from shayateen not the food of Allah. To explain that to you, go to my video series, Journey of Imaan 1 - 11 and "The Dawah 1, 2, 3, and Journey of Victory Within- All sessions. and "Introduction to the Names of Allah" all of the sessions.

Meaning what? We need to understand our deen; our faith. And after that, understanding is one thing, living it is one thing, believing it and willing to sacrifice your life is another thing. And to hold tight and meet Allah with this status is another thing. And all of the above needs pure sincerity and truthfulness. And this needs real iman and comprehension of the Message.

Note: Very important note: Anyone who hears me now or reads this letter or gets the message - he or she is responsible in front of Allah. Dont blame anyone. Allah SWT can elevate this deen with even one person. Allah does not need money, means, many people. Allah needs and honest sincere heart. Even the result is not our business. It is a taufeeq of Allah that He gives to us.

**The Light Of Allah Is Coming!
With Me Or Without Me! With You Or Without You!
And It Is Up To Us To Choose What Is Your Goal In Life?
Which Direction I Am Going To Choose?
TAKE THE GOAL AWAY...
Now You Are In The Journey Of Diving
Towards The Pool Of Dunya!
Very Deep, Without End!
It's Actually An Ocean!**

By this way, again, Allah gave us a goal. He wants us to live His goal. If we choose that, we will be fine. Dunya and akhirah, and mankind will benefit.

Otherwise, Me, I'm a loser. You are a loser, and we will cause mankind to lose. Allah calls us to His goal. Shaytaan and nafs call us to the journey of defeat and accumulation. A cycle with no end. Each one has to choose. And it has to be one - only one. For the One, the pleasure of the One - Allah SWT.

An Important Question from Brother Abid Hussain

I asked my wife a question, "What is your Goal?" Like most of us, she said that she did not identify any goal as yet. I said her that why do not she ask Allah SWT to give her a useful goal? She asked, "How will I identify the goal given by Allah and how do I go after it?"

ANSWER

Why there is no Goal? Lack of knowledge, lack of Emaan, lack of thinking about the hereafter in general; meaning state of defeat and weakness. Why? Because the occupation of Duniya and material life, even if we do not have it. And also, a lot of mankind today does have lack of identity, self direction and goal.

How I identify the goal given by Allah and how I go for it?

The goal is very simple, which Allah SWT already ordained for us, which is:

- 1. To live as a slave (`Abd) towards Allah SWT.**
- 2. To establish the deen of Allah SWT in myself, in my family and to establish the deen of Allah SWT on earth.**
- 3. To learn, to live the message, to be a role model and try to strive the maximum we can with all our efforts and resources to please Allah SWT.**

Note:

Someone might ask that Allah gave them the quality of money and wealth, now he has to use the maximum of what Allah SWT gave him for the cause, which means for the message.

OR

Allah SWT gave me knowledge, now I have to spend my efforts, my time and ability to spread the knowledge.

OR

The quality of resources, communication or even personality. Again, am I using the most or the utmost of my time, effort, energy, ability, etc., for the same cause?

If I do not have anyone of the above resources!! I make Dua for myself, "O Allah! Give me the quality, ability", and I spend a lot of time remembering Allah SWT, worshipping Him and making Dua for everyone who strives for the cause of Allah SWT. May Allah SWT give them Tawfeeq and accept them and I make Dua for the Ummah!

Important Note

Brothers and sisters! There is no way in which we can escape the journey of Emaan and our duties as Muslims and human beings but, if we choose it to be in that way. Because no one can say that he or she has nothing. This is not the quality of a Momin or a Mominah. At any moment you have Allah SWT, and if you have Allah SWT with you, you have everything.
